The screenshot shows the EU Open Data Portal homepage. At the top, there is a navigation bar with links for 'Sitamap', 'Legal notice', 'Contact', and a language dropdown set to 'English (en)'. The main header features the EU flag and the text 'EU Open Data Portal' with the subtitle 'Access to European Union open data'. Below this is a breadcrumb trail: 'EUROPA > EU Open Data Portal > Home'. A horizontal menu contains links for 'Home', 'Data', 'Applications', 'Linked data', 'Visualisations', 'Developers' corner', and 'About'. The main content area has a large blue banner with a colorful geometric pattern on the left. The text on the right states: 'The European Union Open Data Portal (EU ODP) gives you access to open data published by EU institutions and bodies. All the data you can find via this catalogue are free to use and reuse for commercial or non-commercial purposes.' Below this is a search bar with a magnifying glass icon. Under the search bar, it says 'Show results with:' followed by three radio buttons: 'all of these words' (selected), 'any of these words', and 'the exact phrase'. At the bottom of the banner, it says 'Search for metadata using our SPARQL endpoint query editor or access the API.' Below the banner is a section titled 'Focus on' with a sub-header 'Discover our datasets'. It contains four buttons: 'Discover our datasets', 'View datasets by subject', 'View all datasets', and 'View all publishers'. The main focus is on a banner for 'COVID-19 lists of disinfectant active substances and products' by the 'European Chemicals Agency'. The banner includes an illustration of hands being washed and a bottle of disinfectant. To the right of the banner is a Twitter feed snippet from @EU_Eurostat, showing a tweet from @tomescritt and @UNESCOstat asking for help with data access. The tweet text is: '@tomescritt @UNESCOstat Hello! Thank you for your interest. In our database: ec.europa.eu/eurostat/web/e..., data for some countries go back to 1992 if that would interest you, for example: appsso.eurostat.ec.europa.eu/nui/show.do?qu... We hope this helps'.

Coronavirus response

The European Commission is coordinating a [common European response](#) to the coronavirus outbreak. We are taking resolute action to reinforce our public health sectors and mitigate the socio-economic impact in the European Union. We are mobilising all means at our disposal to help our Member States coordinate their national responses and are providing objective information about the spread of the virus and effective efforts to contain it.

President von der Leyen has established a Coronavirus response team at political level to coordinate our response to the pandemic.

During these times of crisis, across the European Union, countries, regions and cities are stretching out a helping hand to neighbours and assistance is given to those most in need: donations of protective equipment such as masks, cross-border treatments of ill patients and bringing stranded citizens home.
